RECLAMATION DISTRICT NO. 2084

RESOLUTION NO. 2021/22 - 9

PROCLAIMING A LOCAL EMERGENCY PERSISTS, RE-RATIFYING THE COVID-19 STATE OF EMERGENCY, AND RE-AUTHORIZING REMOTE TELECONFERENCE MEETINGS OF RECLAMATION DISTRICT 2084 PURSUANT TO THE RALPH M. BROWN ACT.

WHEREAS, RECLAMATION DISTRICT 2084 (RD 2084) is committed to preserving and nurturing public access and participation in meetings of the Board of Trustees; and

WHEREAS, all meetings of the RD 2084 are open and public, as required by the Ralph M. Brown Act (Gov. Code, §§ 54950 – 54963) (“Brown Act”), so that any member of the public may attend, participate, and watch the District’s legislative body conduct its business; and

WHEREAS, Assembly Bill 361 added Government Code section 54953(e) to make provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions; and

WHEREAS, a required condition is that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; and

WHEREAS, a proclamation is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District’s boundaries, caused by natural, technological, or human-caused disasters; and

WHEREAS, it is further required that state or local officials have imposed or recommended measures to promote social distancing, or, the legislative body meeting in person would present imminent risks to the health and safety of attendees; and

WHEREAS, the Board of Trustees previously adopted a Resolution, number 2021/22-1 on October 7, 2021, finding that the requisite conditions exist for the District to conduct remote teleconference meetings without compliance with paragraph (3) of subdivision (b) of section 54953; and

WHEREAS, as a condition of extending the use of the provisions found in Section 54953(e), the Board of Trustees must reconsider the circumstances of the state of emergency that exists in the District, and the Board of Trustees has done so; and

WHEREAS, such conditions persist in the District, specifically, the March 4, 2020 State of Emergency Proclamation remains active in California due to the threat of COVID-19; and

WHEREAS, the Board of Trustees does hereby find that the ongoing risk posed by the highly transmissible COVID-19 virus has caused, and will continue to cause, conditions of peril to the safety of persons within the District that are likely to be beyond the control of services, personnel, equipment, and facilities of the District; and

WHEREAS, as a consequence of the local emergency persisting, the Board of Trustees does hereby find that the District shall continue to conduct its meetings without compliance with paragraph (3) of subdivision (b) of Government Code section 54953, as authorized by subdivision (e) of section 54953, and that the Board shall comply with the requirements to provide the public with access to the meetings as prescribed in paragraph (2) of subdivision (e) of section 54953; and

WHEREAS, all meeting agendas, meeting dates, times, and manner in which the public may participate in the public meetings of the District and offer public comment by telephone or internet-based service options including video conference will continue to be posted on the District website and physically outside of the District office.

NOW, THEREFORE, THE BOARD OF TRUSTEES OF RECLAMATION DISTRICT 2084 DOES HEREBY RESOLVE AS FOLLOWS:

Section 1. Recitals. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. Affirmation that Local Emergency Exists. The Board has reconsidered the conditions of the state of emergency and proclaims that a local emergency persists throughout the District because the high risk of transmissibility of COVID-19 continues to pose an imminent risk to the safety of persons in the District.

Section 3. Re-ratification of Governor's Proclamation of a State of Emergency. The Board hereby ratifies the Governor of the State of California's Proclamation of State of Emergency, effective as of its issuance date of March 4, 2020.

Section 4. Remote Teleconference Meetings. District staff are hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act.

Section 5. Effective Date of Resolution. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) May 7, 2022, or such time the Board of Trustees adopts a subsequent resolution in accordance with Government Code section 54953(e)(3) to extend the time during which the District may continue to teleconference without compliance with paragraph (3) of subdivision (b) of section 54953.

10. Little Egbert Project Update (Informational Only)

General Manager Nagy provided an update on project development including:

- The Solano Airport Land Use Commission(ALUC) had a meeting on February 10th to discuss land use change through implementation of habitat projects around Solano County. The ALUC is looking to engage with project proponents on how to deal with potential hazards created by habitat projects.
- LEJPA and SCWA had a positive meeting. The agencies will continue to coordinate on regional hydrodynamic modeling.
- LEJPA staff met with CNRA staff to discuss the amendment. CNRA staff has received approval to execute the amendment for an additional \$2.5 million.
- RD 536 has conditionally approved the RD 2084 encroachment permit that will facilitate additional geotechnical investigations.

- The next meeting of the LEJPA Board is scheduled for March 7th. The technical team will be giving an update on project development.
- The Central Valley Flood Protection Board is having a Board Workshop on the Yolo Bypass Cache Slough Complex, including the Little Egbert Multi-Benefit Project.
- The Joint Powers Agreement between RD 2084 and RD 536 will need to be amended prior to LEJPA entering into agreement with DWR.

Reclamation District 2084
BOARD OF TRUSTEES COMPENSATION POLICY
EFFECTIVE AS OF APRIL 2, 2020
(REVISED – MARCH 3, 2022)

In recognition of the time each trustee dedicates to the support of Reclamation District 2084, the Board of Trustees of Reclamation District 2084 (RD 2084) has established the following policy for the compensation of members of its Board of Trustees (the “Board”).

I. Compensation for Meeting Attendance.

RD 2084 will pay each Trustee to attend meetings, as defined by section §54952.2 of the Government Code, including but not limited to Regular, Special or Emergency meetings of the Board as well as standing Committee meetings or temporary committee meetings. This includes any congregation of a majority of the members of a legislative body at the same time and location, including teleconference location as permitted in Section §54953, to hear, discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the legislative body.

Additionally, RD 2084 will pay each Trustee to attend meetings necessary to defend, advance, advocate, or support the mission of RD 2084 as well as any projects or positions the Board has approved or to investigate any issues under Board consideration. Trustees are expected to use their judgment in submitting meetings for compensation and are encouraged to check with the President of the Board or the General Manager in advance if they are concerned about the appropriateness of the submittal.

Trustees will be paid according to the following table:

| Compensation | Meeting Duration | | |
|--------------|--|---|--|
| | <u>In-Person</u> | | Teleconference / Videoconference |
| | Travel less than 20 miles | Travel greater than or equal to 20 miles | |
| \$150 | Less than 90 minutes | Less than 60 minutes | Greater than 15 minutes and less than 60 minutes |
| \$250 | Greater than or equal to 90 minutes | Greater than or equal to 60 minutes | Greater than or equal to 60 minutes |

Compensation will be paid according to Section VI. Payment.

II. Compensation for LEJPA Representation.

RD 2084 is a member agency of the Little Egbert Joint Powers Agency (LEJPA). As a member agency, RD 2084 appoints a Trustee (and an alternate) to represent it on the LEJPA Board of Directors. The Trustee appointed to serve on the LEJPA Board of Directors assumes significant responsibilities beyond those required of the other RD 2084 Trustees. These responsibilities may include, but are not limited to, (1) review of additional reports, correspondence, and other work products, (2) responsibility to review and approve additional financial reports, agreements, and invoices, and (3) the need to participate in additional coordination, and discussions. In recognition of these additional responsibilities, the RD 2084 Trustee assigned to the LEJPA Board of Directors will receive a stipend of \$1,500/month. In the event the LEJPA Board of Directors fails to hold a public meeting for three (3) consecutive months, this stipend

will be suspended until the LEJPA Board of Directors resumes public meetings or the stipend is otherwise reinstated by the RD 2084 Board of Trustees. This stipend will be in addition to the compensation the Trustee is due under Section I of this policy. This stipend shall also apply to the alternate Trustee during any month where their participation is required in the LEJPA Board of Directors Meeting.

III. Eligibility.

A Trustee is eligible for payment under this policy only if they are not already receiving another form of compensation (i.e. salary, stipend, or retainer) from a third party, such as an employer, for their attendance.

IV. Reimbursement of Expenses.

Trustees will be reimbursed for expenses including but not limited to: registration for events for which attendance is required and/or requested by the Board, mileage exceeding twenty (20) miles round trip at the IRS Standard Mileage Rates for meetings and events outside of regular Board meetings, and bridge/road tolls incurred to attend business on behalf of RD 2084. Trustees will NOT be reimbursed for the following expenses: mileage for regular Board Meetings and meals outside of required overnight travel. If requested by the Board, reimbursable costs for overnight travel include lodging accommodations and meals, up to the standard per diem rate in the area. Exceptions may be made to the reimbursement policy with prior approval of the Board.

V. Annual Maximum.

The annual maximum RD 2084 will pay any trustee is \$25,000. The annual maximum includes all attendance fees, associated expenses, and/or stipends (as applicable). For the purposes of the maximum, the annual period will correspond with the state fiscal year.

VI. Payment.

Each trustee will need to request payment. Requests for payment should be submitted to the RD 2084 financial manager via email using the Standard Expense Reimbursement Form. Where applicable, receipts should be attached to the form. Requests can be made no more than once monthly. All forms and documentation must be submitted to the financial manager by the 15th day of the preceding month for payment at the regular Board meeting. All reimbursement forms for which payment is issued will be included in the Monthly Financial Manager's Report to the Board.

VII. Tax Documentation.

Each trustee is required to submit IRS Form W-9. RD 2084 will issue form 1099 for tax purposes.

AGENDA ITEM 8.a

MEMORANDUM

April 7, 2022

TO: Reclamation District No. 2084

FROM: MBK Engineers

SUBJECT: April Engineer's Report

Trustees:

Described below are the items constituting the engineer's report to be discussed at your scheduled April 7, 2022 meeting.

2022-23 Subventions Program – CEQA Filing – Your Subventions application has been submitted to DWR/CDFW requesting participation in the fiscal year 2022-23 program. We will be preparing the CEQA filing. A resolution to cover participation in the program and Notice of Exemption filing for CEQA coverage of routine maintenance and repairs is attached for your review, discussion and authorization.

Spring 2022 Monitoring Activities

- 1) Animal Control, monitor rodent activity
- 2) Roadway Maintenance, as necessary
- 3) Vegetation Control, spraying as necessary
- 4) Levee Patrol, monitor conditions, MBK will perform quarterly inspection Spring 2022
- 5) Erosion Repair, schedule low tide boat inspection to delineate sites.

Summer - Fall 2022 Maintenance Activities

- 1) Landside slope grading; where heavy runoff rilling has occurred, as necessary
- 2) Erosion Repairs; report of site locations will be prepared for May meeting discussion
- 3) Freeboard Project; recommendation and site details will be provided for May meeting discussion

Five Year Plan – The revised draft Five-Year Plan is ready to submit to DWR, pending approval by the District. A digital copy will be provided to all trustees for review

Delta Barriers –No change, DWR is still pursuing permits to investigate proposed site locations in the North Delta; False River Barrier notch will be sealed back up this month and will likely stay in place through November 2022.

Solano County TTX Update – We had a good Solano County Emergency table-top exercise. In this exercise we assumed that RD 2084 is about to be overtopped by the rising stage and increased flows entering the Bypass. This was a good opportunity for Matt and his operations staff to engage with officials and the neighboring RD's. This was a good turnout for this type of event. There will be an after

action report we will provide to the District and future funding will be available to support updating the Flood Safety Plan for the District.

RD 2084 Access – RD 536 Emergency Slip Location – RD 536 is evaluating design options to repair this site; roadway access along the levee crown is allowed. RD 536 will be seeking funding partnership with DWR through the FSRP program to repair the site, tentative timing for repairs is as early as this Fall. The access roads along the levee crown and lower landside toe will be elements of the design. Continue to coordinate with RD 536 for any questions or updates on the status of this work.

DSC Delta Adapts – The DSC is continuing to work on their outreach strategy and meeting with historic landowners to better understand the connection to the land. There will be more detail on Ag. group formation later this month.

DSC Social Science Initiative – The next major milestone in the Social Science Initiative is to compile and administer a survey for Delta stakeholders. It is anticipated one more meeting will be held before the survey is presented to the public. Those surveys will be mailed out to Delta Residents and landowners later this summer.

AGENDA ITEM 8.c

**RESOLUTION
OF THE BOARD OF TRUSTEES
OF RECLAMATION DISTRICT No. 2084**

RESOLVED that the work included in Reclamation District No. 2084's ("District") 2022-2023 Delta Levees Maintenance Subventions Program Application consists of the maintenance and/or repair of existing levee improvements which involves negligible or no expansion of said improvements' existing uses and, hence, falls within the categorical exemption to the California Environmental Quality Act set forth in California Code of Regulations, title 14, section 15301; that said work does not constitute an exception to the exemptions of the California Environmental Quality Act; and that the District's Engineer is authorized to prepare and file with the County of Solano the appropriate Notice of Exemption on behalf of the District.

RESOLVED that the President or Secretary of Reclamation District No. 2084 be and hereby is authorized to execute on behalf of this District that Agreement between the Central Valley Flood Protection Board and the District covering participation in the Delta Levees Maintenance Subventions Program pursuant to Part 9, Division 6 of the Water Code as amended by SB 34, Chapter 28, Statutes of 1988 for fiscal year 2022-2023 and the work to be reported to the State thereunder is determined to be categorically exempt under the California Environmental Quality Act (Pub. Resources Code, § 21000 et seq.) for the reasons set forth above.

CERTIFICATION

I, Mark Young, President of Reclamation District No. 2084, do hereby certify that the above is a true and correct copy of the resolution duly adopted by the Board of Trustees of Reclamation District No. 2084 on this day, _____.

Rules and rates

You may be eligible for a lower rate. Find out about optional rates or view a complete list of rules and rates, visit www.pge.com or call 1-800-743-5000.

If you believe there is an error on your bill, please call 1-800-743-5000 to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch (CAB), 505 Van Ness Avenue, Room 2003, San Francisco, CA 94102, 1-800-649-7570 or 7-1-1 (8:30 AM to 4:30 PM, Monday through Friday) or by visiting www.cpuc.ca.gov/complaints/.

To avoid having service turned off while you wait for the outcome of a complaint to the CPUC specifically regarding the accuracy of your bill, please contact CAB for assistance. If your case meets the eligibility criteria, CAB will provide you with instructions on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is under review to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

Important definitions

Rotating outage blocks are subject to change without advance notice due to operational conditions.

Demand charge: Many non-residential rates include a demand charge. Demand is a measurement of the highest usage of electricity in any single fifteen (or sometimes five) minute period during a monthly billing cycle. Demand is measured in kilowatts (or kW). High demand is usually associated with equipment start-up. By spreading equipment start-ups over a longer period of time, you may be able to lower demand and reduce your demand charges.

Time-of-use electric prices are higher every day during afternoons and evenings, and lower at other times of the day. Prices also change by season, with higher prices in the summer and lower prices in the winter.

Wildfire Fund Charge: Charge on behalf of the State of California Department of Water Resources (DWR) to fund the California Wildfire Fund. For usage prior to October 1, 2020, this charge included costs related to the 2001 California energy crisis, also collected on behalf of the DWR. These charges belong to DWR, not PG&E.

Power Charge Indifference Adjustment (PCIA): The PCIA is a charge to ensure that both PG&E customers and those who have left PG&E service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by PG&E on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources. Visit www.pge.com/ccs.

Wildfire Hardening Charge: PG&E has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires, while reducing the total cost to its customers. Your bill for electric service includes a fixed recovery charge called the Wildfire Hardening Charge that has been approved by the CPUC to repay those bonds. The right to recover the Wildfire Hardening Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to PG&E. PG&E is collecting the Wildfire Hardening Charge on behalf of the Special Purpose Entity.

Gas Public Purpose Program (PPP) Surcharge. Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Visit www.pge.com/billexplanation for more definitions. To view most recent bill inserts including legal or mandated notices, visit www.pge.com/billinserts.

Additional Messages

From March 1, 2022 to February 28, 2023, the Wildfire Fund Charge is offset by \$0.00109/kWh to reflect excess funds from the Department of Water Resources (DWR) Bond charge. The Wildfire Fund Charge is also offset by an additional \$0.00084/kWh during this same period for excess funds from the DWR Power charge. These charges were included in your electric charges prior to 2021 and were related to bonds issued and energy provided to customers by DWR during the 2000-2001 California energy crisis.

Additional Messages

MCE is a not-for-profit, public agency that sources 60-100% renewable energy for your electricity supply.

MCE's generation charges replace what PG&E would otherwise charge you for electric generation. These charges are refunded to you in the 'Generation Credit' line on the 'Details of PG&E Electric Delivery Charges' page of your statement. PG&E continues to provide electric delivery and billing services. Gas services are not provided by MCE.

If you have any questions about MCE, please visit us online at www.mceCleanEnergy.org, or visit our local offices at:

Additional Messages

From March 1, 2022 to February 28, 2023, the Wildfire Fund Charge is offset by \$0.00109/kWh to reflect excess funds from the Department of Water Resources (DWR) Bond charge. The Wildfire Fund Charge is also offset by an additional \$0.00084/kWh during this same period for excess funds from the DWR Power charge. These charges were included in your electric charges prior to 2021 and were related to bonds issued and energy provided to customers by DWR during the 2000-2001 California energy crisis.

Additional Messages

MCE is a not-for-profit, public agency that sources 60-100% renewable energy for your electricity supply.

MCE's generation charges replace what PG&E would otherwise charge you for electric generation. These charges are refunded to you in the 'Generation Credit' line on the 'Details of PG&E Electric Delivery Charges' page of your statement. PG&E continues to provide electric delivery and billing services. Gas services are not provided by MCE.
